# SOLUTION DYED NYLON CARPET

## Features and Benefits

### A touch of wool-like class.

Tika provides an outstanding combination of high-specification quality and affordability, with a rich texture and subtle heather that strongly, and beautifully, resembles wool.

### Durable luxury.

Although providing a welcome sense of luxury in bedrooms and living areas, Tika remains extremely durable to abrasion and flattening. Rated extra heavy duty for residential applications, it will also cope well in highly active areas, such as hallways and rumpus rooms.

### Stylish simplicity.

Tika's neutral, organic colour palette provides a fantastically flexible foundation for a wide range of modern interior design themes and furnishings.

### Colourfast and made to last.

Designed to retain its aesthetic appeal for years to come, Tika's colours will not rub off or bleed, and strongly resist fading from sunlight and general wear.

### Easy to maintain.

Tika's heathered colours do an outstanding job of hiding soiling, but when cleaning is required it couldn't be easier. The carpet strongly resists staining, moisture, mould and insect damage.
